

CVHBA Member Information on Coronavirus (COVID-19)

The Chippewa Valley Home Builders Association values the health and safety of its members, the public, and our employees. Our response to COVID-19 must be responsive to changing conditions, please watch our communications for changing impact on events and operations. If you have questions, please contact Christina at christina@cvhomebuilders.com or 715-835-2526.

Upcoming Events

All events through May 11th will be canceled or postponed in accordance with the CDC's recommendations and the governor's mandate.

March 17th – Builder After Hours (People's Bank Midwest) – CANCELED

March 19th – Spring Fling Yard & Garden Seminar – POSTPONED

April 21st – Builder After Hours (ABC Supply) – CANCELED

May 5th – Cinco de Mayo PAC fundraisers with RANWW – CANCELED

May 2nd & 7th – ABC's of Home Building Seminar - POSTPONED

The April 21st Home & Garden Show booth sign-up is currently still scheduled. However, the situation will be evaluated in the next couple of weeks and alternative plans may be made.

As the situation develops in the coming weeks and we have an idea when we can reschedule events, we will work on the postponed events.

Parade of Homes is still moving forward as scheduled right now. The Board of Directors will re-evaluate this situation on April 7th and decide if any changes need to be made to the Parade of Homes at that time.

CVHBA's Operations

The CVHBA office is closed to visitors, but the office is currently being staff to manage operations and Builders Crossing. However, we are asking any employees who feel sick to stay home. Because we have a very small staff, if staff members become ill this will impact building and office operations so we'll keep you updated if our office situation changes.

Hand sanitizer is readily available in the office and will be provided at the front desk and made available in the Board Room.

All door handles and restroom surfaces will be cleaned daily. All surfaces in the Board Room will be cleaned after any meeting (including door handles, table top surfaces, coffee pots, etc).

Board Meetings and most committee meetings will take place as scheduled via Zoom (video conference call). Any committee that does not have pressing business will be postponed.
