

Dear Valued Customers,

**Cesspool Cleaner Co. & Portable Toilet Rentals, LLC's Mission Statement:** We protect and dignity where permanent facilities are not available

Our Founders, Randy & Linda Dresel, took this very seriously. As a 2<sup>nd</sup> generation family owned business, we continue this dedication with vigor.

Cesspool Cleaner Co. team members recognize the incredible challenge we all face with the global pandemic coronavirus, COVID-19. Being in the Portable Restroom business is unique, since we are handling human waste. Our commitment to you is to continue to serve you with safety and transparency at the forefront.

There are various areas that we would like to point out that we hope will give you confidence in our abilities to perform for you, our customers, in addition for our employees and the general public.

**CLEANING PROCEDURES ON RENTAL EQUIPMENT:**

Since 2003, Cesspool Cleaner Co. has been disinfecting portable restrooms using an EPA Registered Hospital Grade Disinfectant provided by Kleen-Rite along with using a 3000PSI pressure washer with chlorinated potable water on our trucks. This practice will continue and will help keep your staff, our employees and the general public safe. To our knowledge Cesspool Cleaner Co. is the only company in the Chippewa Valley area that is actively and consistently performing this disinfecting procedure.

**SUPPLY CHAIN OF EQUIPMENT AND FULLFILLMENT OF SERVICE:**

**Cesspool Cleaner Co. has ample supply of all the products required to perform service to you including toilet paper, hand sanitizer, hand soap, & paper towels.** We have ample supply of various styles of portable restrooms, hand wash stations, hand sanitizer stands, that are in high demand during this unbelievable crisis. Construction Site and Luxury Restroom Trailers are also available in various styles and sizes. These trailers have flushing toilets, fresh water sinks, air condition, heat, & various amenities.

**RECOMMENDATIONS:**

- More frequent cleaning schedules and added equipment for all job sites and events.
- Promote extra spacing of equipment wherever possible.
- Setup your team with resources to disinfectant frequently in between our services.
- Monitor toilet paper and hand sanitizer to reduce and identify theft early. We do offer locks for our paper holders and or locking of restroom overnight if this does become an issue.

Cesspool Cleaner Co. is ready and willing to handle any portable sanitation needs you have and are here to support you through partnership. We appreciate your confidence in us.

Kind regards, Troy & Tricia Dresel & Staff
