Educational Seminars

Join us for one of these sessions in the **ACTIVITY ZONE** and learn from our expert members on how to care for and update your home and garden.

1:30pm - To Bee or Not to Bee?

Presented by: Jodi Lepsch (Chipewa Valley Technical College)

The increasing popularity of beekeeping has many homeowners wondering if the hobby is for them. This seminar will include discussions of basic honeybee biology and factors a homeowner should consider before embarking on the adventure including start up costs, time commitments, apiary design and local ordinances.

2:30pm - Common Energy Problems & How to Fix Them

Presented by: David Geissler & Jamison Knowlton (On-Site Performance Testing, LLC)

Energy efficiency is always on our minds with the rising costs. This seminar will teach you the common problems found while doing an energy audit and how you can fix them. You will learn how to find air leakage, insulation deficiencies and ventilation issues.

3:30pm - What to Know Before Starting a Home Renovation

Presented by: Anthony Brooks (Brooks Home Renovations LLC) and Wendy Hollenbeck (Security Financial Bank)

Want to remodel your home but not sure where to start? Join us for this fast-paced seminar where we will walk you through the process. We'll discuss how to choose the right builder, share a variety of financing options, discuss the timeline, and provide tips to make the entire process run smoothly.
